

Do you or your business have small bottles of hand sanitizer tucked away that you could donate to keep seniors and volunteers safe?

As the pandemic continues to impact each of us, many businesses and services have had to make changes, set limitations or come to a halt.

With food delivery being essential to our frail and homebound seniors, Tri-Valley's Meals on Wheels effort continues to deliver meals to our seniors at home who are unable to prepare their own meals. Extra precautions are in place to protect the senior recipients and those delivering. Hand sanitizer is needed to ensure safety and prevent the spread of COVID-19.

If you can help, please contact Tri-Valley's Nutrition Program at 508-949-6640. We can arrange a pick-up or accept a drop-off at our office -10 Mill Street, Dudley, MA.

THANK YOU FROM EVERYONE AT TRI-VALLEY INC.
